

LAUGO ARMS

ALIEN

THE FIRST OF ITS KIND

ALIEN

THE FIRST OF ITS KIND

The Laugo Arms Alien is a revolutionary semiautomatic pistol with several unique, patented technical solutions. The Alien's operating system does not use obsolete locking mechanisms or a traditional trigger mechanism. This new approach is driven by the vision of technological progress, cutting edge performance, and precision accuracy, which we want to bring to shooters, around the world.

ALIEN SYSTEM FEATURES:

- The lowest bore axis
- Fixed barrel
- Low center of gravity
- User friendly fire controls
- Interchangeable non-reciprocating top rail
- Only the sides of the slide reciprocate
- High level of modularity and easy customization
- Gas piston delayed blowback
- Robust military grade construction

BEST OF SHOT SHOW 2020

AWARDED BY RECOIL MAGAZINE

RECOIL

STAND OUT FROM THE

FEATURES THAT WILL CHANGE YOUR PERCEPTION OF PISTOLS

SPEED

Every shooter is faster with an Alien pistol.

This is caused by the lowest bore axis in the world. The bore axis is located just 1.7 mm under the axis of the shooters grip. As a result, the pistol delivers a nearly flat recoil angle with a significant reduction in muzzle flip.

ACCURACY

With the Alien, pistol shooters are more accurate.

This effect is caused by the premium, fixed target barrel that is pinned to the frame, unlike traditional pistol barrels, that tilt or move upon discharge. The fixed barrel, together with precise manufacturing techniques, contribute to the exceptional accuracy of this firearm.

CONTROL

The Alien pistol brings you perfect control.

Experience the ultimate in control, especially when firing rapidly or performing double taps. This level of control is achieved through the Laugo Arms gas delayed blowback system. The Alien doesn't feature an obsolete locking slide. Instead, the system bleeds gas pressure from the barrel to keep the slide closed until the bullet exits the bore. So, the more powerful the load, the greater the recoil impulse is slowed, resulting in maximum recoil control, even with different types of ammo.

TARGET ACQUISITION & RED DOT ENDURANCE

Shooters gain the advantage from uninterrupted target acquisition.

This has been achieved by a fixed sight which, unlike old school pistols, does not reciprocate during the firing cycle. Thanks to this feature, a shooter can easily control the sight picture at all times, even when rapidly firing, as he will never lose the line of sight. Red dots will last much longer on the Alien pistol due to the non-reciprocating top rail. On most pistols, the movement of the slide damages the red dot which results in the need for more frequent replacement. The red dot on an Alien pistol will have a similar life as on a standard SMG or rifle – the way it has been designed to work.

MODULARITY

The Alien pistol can easily be adapted for different purposes.

With just one click, a shooter can change the nature of the Alien pistol by changing the top rail of the slide. There are different slide rails available for iron sights, many types of red dot sights, or even a MIL-STD-1913 rail. Moreover, the Alien can be equipped with a Retro slide for production optics division events, a magwell, or a number of other optional upgrades.

TACTICAL TECHNICAL DATA

LENGTH	210 mm / 8.2"
WIDTH	29 mm / 1.1"
HEIGHT ALIEN	148 mm / 5.8"
HEIGHT RETRO	150 mm / 5.9"
BARREL LENGHT ALIEN	124 mm / 4.8"
WEIGHT ALIEN	1009 g / 2.2 lbs.
WEIGHT ALIEN RETRO	1089 g / 2.4 lbs.
TRIGGER PULL ADJUSTABLE	15N / 3,3 lbs
STANDARD MAGAZINE CAPACITY	10 or 17 rounds
BORE AXIS	1.7 mm below the line of grip axis
NUMBER OF REPLACEABLE UPPER RAILS	multiple
RECOIL ANGLE	average 50% less than traditional pistols
SIGHT RADIUS ALIEN	185 mm / 7.3"

ALIEN

FULL KIT

The Alien pistol with an interchangeable top rail with iron sights is approved for IPSC production division. The pistol grip features an aluminum backstrap and VZ grips for superior ergonomics. The Alien is finished with a DLC (diamond like carbon) coating on the slide and frame. The 4.8" stainless steel semi-bull barrel is fixed in the frame, and does not move when fired. The slide is braked by a gas delayed piston system with titanium nitride finish. Trigger pull weight is set at approximately 15N / 3,3 lbs.

THIS KIT INCLUDES

- Alien pistol with iron sights top rail
- Optical sight top rail
- Red dot – Laugo 6 MOA
- Elornis Industries Kydex Holster
- Heart 6 Holster Hinge with Quick release
- 3 Magazines
- Magwell
- CLP oil
- Carbon remover
- Tool kit
- Dummy round
- Durable waterproof hard case

NOTE:

Standard or threaded barrels are available

ALIEN

ROSE GOLD - FULL KIT

ROSE GOLD color edition modified with a new coating on the frame and slide, which is now grey with a modified DLC technology. The barrel bundle, as a result of the rose gold coating will gain higher sliding properties thus increasing the life and maintenance of the barrel bundle. Additionally, due to the rose gold finish, the magazine catch, slide release, disassembly pin, trigger, trigger safety and magwell will increase in durability.

THIS KIT INCLUDES

- Alien pistol with iron sights top rail
- Optical sight top rail
- Red dot – Laugo 6 MOA
- Elornis Industries Kydex Holster
- Heart 6 Holster Hinge with Quick release
- 3 Magazines
- Magwell
- CLP oil
- Carbon remover
- Tool kit
- Dummy round
- Durable waterproof hard case

NOTE: standard or threaded barrels are available

ALIEN

BLACK GOLD - FULL KIT

Colour edition BLACK GOLD modified with a new coating on the frame and slide, which is now super black with modified DLC technology. The barrel bundle, due to the titanium nitride coating, gets a higher hardness thus increasing the life and maintenance of the barrel bundle. Additionally, the titanium nitride coating will increase the life of the magazine catch, slide release, trigger, trigger guard and disassembly pin. To change the center of gravity of the weapon, brass material is used to manufacture the grip and magwell.

THIS KIT INCLUDES

- Alien pistol with iron sights top rail
- Optical sight top rail
- Red dot – Laugo 6 MOA
- Elornis Industries Kydex Holster
- Heart 6 Holster Hinge with Quick release
- 3 Magazines
- Magwell
- CLP oil
- Carbon remover
- Tool kit
- Dummy round
- Durable waterproof hard case

NOTE: standard or threaded barrels are available

ALIEN

PERFORMANCE

The Alien pistol with an interchangeable top rail with iron sights is approved for IPSC production division. The pistol grip features an aluminum backstrap and VZ grips for superior ergonomics. The Alien is finished with a DLC (diamond like carbon) coating on the slide and frame. The 4.8" stainless steel semi-bull barrel is fixed in the frame, and does not move when fired. The slide is braked by a gas delayed piston system with titanium nitride finish. Trigger pull weight is set at approximately 15N / 3,3 lbs.

THIS KIT INCLUDES

- Alien pistol with iron sights
- 2 Magazines
- Tool kit
- Dummy round
- Durable waterproof hard case

NOTE:

Standard or threaded barrels are available

ALIEN RETRO

The Alien RETRO was designed to conform with the rules of IPSC's production optics division, which requires the red dot to reciprocate with the slide. The pistol grip features an aluminum backstrap and VZ grips for superior ergonomics. The Alien is finished with a DLC (diamond like carbon) coating on the slide and frame. The 4.8" stainless steel semi-bull barrel is fixed in the frame, and does not move when fired. The slide is braked by a gas delayed piston system with titanium nitride finish. Trigger pull weight is set at approximately 15N / 3,3 lbs.

THIS KIT INCLUDES

- Alien pistol with mount for red dot sights
- 2 Magazines
- Tool kit
- Dummy round
- Manual
- Durable waterproof hard case

COMPATIBLE RED DOT SIGHTS

- Trijicon RMR/SRO
- Leupold Delta Point
- Shield RMS
- C-More RTS

ALIEN

RETRO UPRAGE KIT

The Alien RETRO UPGRADE KIT can upgrade your Alien PERFORMANCE or FULL KIT to an Alien RETRO pistol. The kit will allow you to modify the Alien to comply with IPSC production optics division rules. The slide is specially modified to hold a mount on which up to four different red dot sights can be attached.

THIS KIT INCLUDES

- RETRO top rail without sights
- RETRO slide
- Mount for red dot sight
- Pins for red dot sights

COMPATIBLE RED DOT SIGHTS

- Trijicon RMR/SRO
- Leupold Delta Point
- Shield RMS
- C-More RTS
